

RECYCLING For education

Raising funds for

Shine Relief Trusts Early Years to College education

Shine Relief Trust works with vulnerable children in Malawi supporting them through education and into a trade where they can then generate enough income to help send future generations to school.

Shine Early Years graduating to Primary School | A family happy to be in school!

Around 4.6 million students enrol in schools throughout Malawi, and yet only 8% complete secondary school. With one Million children orphaned and unable to complete their education because of the poverty they were born into, **Shine is making a difference.**

You can help. Visit your Shine's Recycled clothes stall and see what's on offer!
